The Glad Pad

by Janette Kaplan, Kristen Klenk, and Caroline Musselwhite

WHAT IS IT??
The ‘Glad Pad’ is our name for this simple communication display made using a ‘garden kneeling pad.’

WHY THE NAME ‘GLAD PAD’??
We call this the ‘glad pad’ because we’re glad that . . .
- It only costs $1!!
- It’s highly portable, with a built in handle
- It’s made of rubberized foam, so it’s safe to use for ambulatory students or students who throw items

HOW DO YOU USE IT??
A smooth surface garden pad can be adapted using stickyback velcro™ (see velcro tip!) For a bumpy surface garden pad, you will need to affix velcro using hot glue in order to make it secure.

WHEN WOULD YOU USE A GLAD PAD??
A Glad Pad is perfect for:
- choicemaking (symbols representing song verses, lunch choices, book choices, friends to play with)
- simple songboard (Old MacDonald’s Farm, etc.)
- preparing a symbol or word message and taking it to another class
- recess (remember . . . safe and portable!!)

SOOOOO . . . WHERE DO I FIND A GLAD PAD??
At the Dollar Store, of course!!

TIP: Remember that SOFT velcro is STATIONARY (place it on the garden pad) while ROUGH velcro is on the REMOVABLE symbols!!
